

DEFCON ALARMING BAT TAG™

Specially Engineered Performance

Features:

- Exceptionally tamper-resistant
- Strong visual deterrence
- Blinking LED light
- Battery conservation mode
- 3-alarm protection: EAS system, tamper alarm, and self-alarm at exit
- Quick application and removal

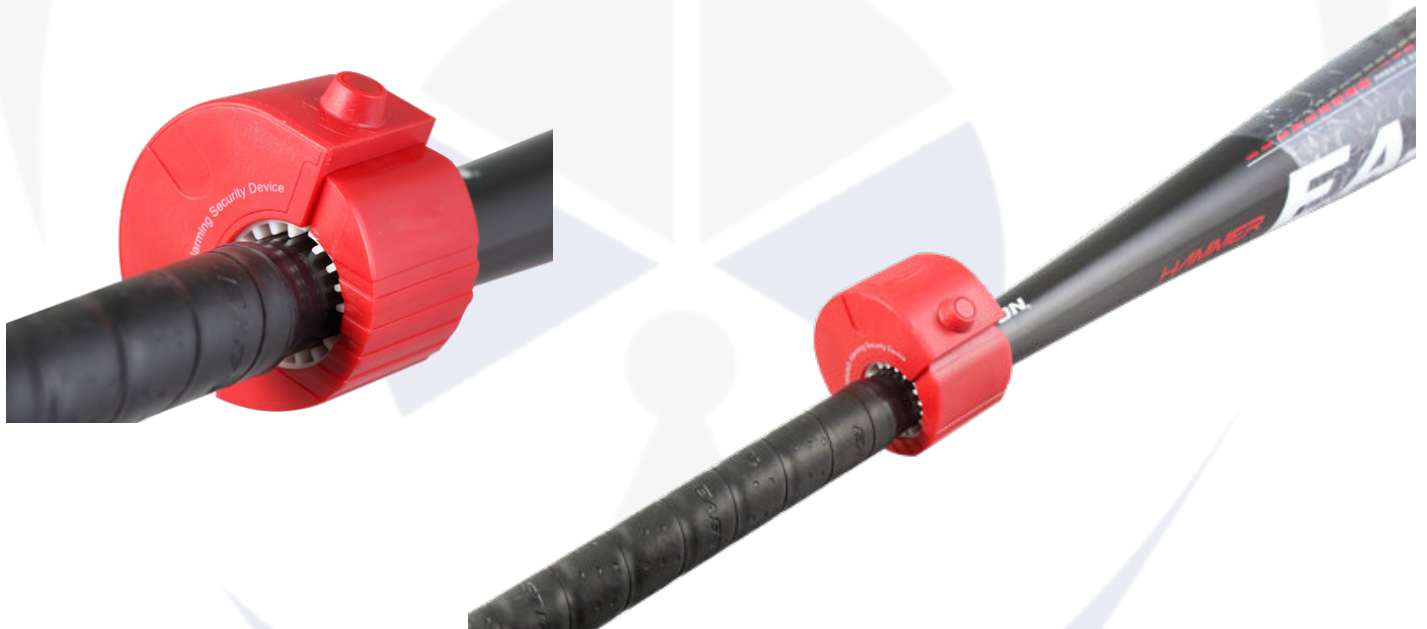

Frequent Applications:

- Baseball and softball bats
- Bicycles
- Luggage
- Scuba Gear
- Items with handles or shafts

Rubber inlays firmly secure the tag while preventing product damage. Adjustable grips can fit almost any handle or shaft.
