EAGLE™

Specially Engineered Performance

Features:

- Designed to protect on the shafts
- Coated to prevent product damage
- Strong visual deterrence
- Eliminates need for product lockdowns
- Quick application and removal

Frequent Applications:

- Golf clubs
- Fishing poles
- Sporting goods
- Hardware
- Handbags and luggage
- Items with handles or shafts

The Eagle Tag offers simplicity and strength. Is very easy to apply and remove from merchandise, but nearly impossible to defeat. Originally designed for golf clubs, Eagle Tag now also protects fishing rods, bicycles and other sporting goods.
