

ROD & REEL™

New Angle on Merchandise Protection

Features:

- High-end protection
- Reinforced metal straps
- Exceptionally tamper-resistant
- Strong visual deterrence
- Blinking LED light
- Battery conservation mode
- 3-alarm protection
- Quick application and removal

Frequent Applications:

- Fishing poles – including rod and reel combos

The Rod & Reel's adjustable reinforced metal straps fit a wide range of fishing poles. The unique design prevents thieves from switching out reels.
