

F-18 OPTICAL TAG™

Ergonomic Design and Strong Protection

Features:

- Fits almost all glasses
- Strong visual deterrence
- Eliminates product lock down
- Rounded edges for comfort
- Strong rubber inlays to protect product from damage
- Quick application and removal
- Small and light
- Choice of AM or RF

Frequent Applications:

- Glasses
- Sunglasses

Rubber inlays firmly secure the tag while preventing product damage. Adjustable grips can fit almost any handle or shaft.
